

KUMMITHA GOPINADH REDDY

✉ kummithagopinadh26@gmail.com | ☎ +91 8712228215 | 💼 [LinkedIn](#) | 🌐 [Portfolio](#) | 💻 [LeetCode](#)

PROFILE SUMMARY

Enthusiastic and dedicated Computer Science student with strong knowledge of programming, problem-solving, and web development. Passionate about using technology to build innovative and user-friendly solutions. Seeking an entry-level opportunity to apply my skills, gain industry experience, and contribute to meaningful projects.

EDUCATION

BTECH(Computer Science & Engineering)	2023-2027
Gayatri Vidya Parishad College of Engineering(A) (CGPA-8.2)	Vizag,India
BIE-AP(MPC)	2021-2023
VIT Junior College(Percentage-98%)	Narasaraopet,India
BSE-AP	2021
Geethanjali High School(Percentage-93%)	East Gangavaram

SKILLS

- **Programming:** Python, JavaScript, HTML5, CSS3
- **MERN Stack:** MongoDB, Express.js, React.js, Node.js
- **Tools and Technologies:** Git, GitHub, Visual Studio Code (VS Code), Postman, Render
- **Machine Learning:** NumPy, Pandas, Scikit-learn, Matplotlib, Data Preprocessing, Model Training, Classification, Regression
- **Core Concepts:** Data Structures & Algorithms (DSA), MySQL, SQL, Database Management Systems (DBMS), Object-Oriented Programming (OOP)
- **Soft Skills:** Communication, Active Listening, Problem Solving, Analytical Thinking, Team Collaboration, Adaptability, Self-Motivated, Quick Learner, Time Management

PROJECTS

Dementia Prediction Web Application | GitHub

- Built a complete ML pipeline including preprocessing, feature engineering, model training, and deployment.
- Implemented Random Forest with SMOTE and cross-validation achieving 98.6% accuracy.
- Developed FastAPI backend with real-time prediction interface for real-time clinical risk assessment.

AI Interview Bot

- Developed a web application that simulates real-time mock interviews using AI, allowing users to practice technical and behavioral questions.
- Provides automated feedback after the interview to help users analyze performance and prepare better for software engineering interviews.
- Live Demo: <https://interview-bot-xi-lac.vercel.app/>

CodeGarage – Academic Resource & Programming Learning Platform

- Built an academic website providing semester-wise PDFs, lab manuals, and C, C++, DSA programs .
- Designed a clean, user-friendly interface for easy access to learning resources.
- Deployed live using a custom domain: codegarage.co.in

CERTIFICATIONS

- **Infosys Springboard:** Front End Web Developer
- **Cisco Net Academy:** Networking Basics,Introduction to Modern AI
- **AWS:** AWS Cloud Computing (2024-25) Workshop Certificate
- **Udemy:** The Complete Python Developer

INTERNSHIPS

- **Google Cloud:** Google Cloud Computing Foundations Virtual Internship
- **Juniper Networks:** Juniper Networking Cloud Virtual Internship
- **Google Developers:** Google AI-ML Virtual Internship.
